

Lancaster-Fairfield Community Action Recycling
Making Fairfield County Greener since 1980

FALL 2017

Business & Industry Highlights

Business Highlight - In this edition, we're highlighting Fairfield Homes, Management and Construction located in Lancaster for becoming new members of our recycling program! We are excited to announce that this business began recycling with us in early September. Thank you for caring about our local communities and helping to reduce your carbon footprint!

Industry Highlight - We would like to commend Drew Shoe Corporation in Lancaster for their increase in recycled materials for the month of August. This industry has recycled over 12,200 tons of corrugated cardboard, which is an increase from 10,900 tons for the month of July! Wow, that's truly incredible! This industry continues to grow in the amount of recycled materials each month. We applaud your efforts in diverting your cardboard waste from the landfill!

Featured Schools

P / Sycamore Creek Elementary

We would like to recognize Sycamore Creek Elementary School in Pickerington. This elementary school has already recycled 1,440 tons of paper for the month of August, and school just started. They have also already recycled 5 tons of corrugated cardboard! This elementary is leading the pack for all Pickerington elementary schools in amounts of recycled materials for this quarter. We are eager to see how much more this school will progress with their recyclables throughout the school year. Keep up the great work!

Funding provided by Violet Township, Fairfield County Sheriff Department, CFLP Solid Waste District, Fairfield Soil and Water Conservation District, and Lancaster Fairfield Community Action Agency Recycling and Litter Prevention Program.

Community Highlight -

Members of Fairfield Federal Saving, Job and Family Services, and Lancaster Rotarians volunteered to help our Lancaster Fairfield Community Action Agency Recycling and Litter Prevention Program for Community Care Cleanup Day. These volunteers worked hard spending the entire day removing litter from our 27 drop-off trailer host sites. We appreciate you greatly, and commend you for your efforts in making our community a better place!
